

100 MILES

OR BUST!!

BOY SCOUT TROOP 142

Fayetteville, Arkansas

Dear Parents and Scouts,

Our Troop is planning a 100-mile canoe trip on the Buffalo National River this summer. It will take 9 days to complete the trip. We will average around 10-14 miles per day, and can become very tiresome. We will camp along the river nightly on well-groomed gravel bars.

During this trip we will work on merit badges, rank advancement and contribute service hours cleaning up the river for the National Park Service. Some of the merit badges that will be offered are Canoeing, Wilderness Survival, Fishing, along with requirements on other merit badges. The class work requirements need to be completed prior to the float.

The date for the 100-miler is June 6 – 15, 2008. Please try and arrive at the scout hut no later than 5:30 PM. It is important that we leave no later than 6:00 PM so we can set up camp in the light and get our drivers back home at a decent hour. We will arrive in Fayetteville June 15th at approximately 6:00 PM.

Currently, the cost will be **\$175** per person. If a scout has worked $\frac{1}{2}$ of the fund raising activities (football and basketball concessions), he or she will have a cost of **\$90**.

Beginning in May, there will be brief 100 miler meetings after the regular troop meetings. These are mandatory. If more than one meeting is missed (without an appropriate excuse) you will be marked off the list, adults included. These will last 15-30 minutes after each troop meeting. This is where your vote counts on the menu and trek planning.

In order to have a safe and manageable float; the preferred crew will be no more than 24 floaters with an absolute maximum of 28 floaters. We are going to require a \$50.00 deposit, which will insure a spot on the float trip. We require that this deposit be paid no later than May 19, 2008. If the deposit or the total fee is not received by this date, you may be removed from the list of those attending. Please fill out and return the NPS waiver and permission slip as soon as possible.

We will be planning meals during our 100 miler meetings. We know that at least one meal will consist of fish in order to satisfy the requirements of the fishing merit badge. That means that fishing rods and tackle will be needed. If you are 16 years of age or older, you are required to have an Arkansas Fishing License valid during the float date.

The crew will decide on the location of the put-in and take-out points depending on water levels and safety. Plans so far are to keep the entire trek on the Buffalo River and avoid travel on the White River due to high water levels and heavy generator use.

The requirements for attending the trip are as follows:

- ❑ 1st Class rank or above
- ❑ Pass the B.S.A swim test
- ❑ Miss no more than one 100 miler meeting
- ❑ Preferred canoeing experience
- ❑ Fees paid in full by May 19th
- ❑ Signed permission form with necessary phone numbers in case of emergency

Included in the fee, will be a “home cooked” breakfast at a Gilbert restaurant one morning and a McDonald’s lunch in Harrison on Sunday on our way home.

Bring some spending money for ice cream, soft drinks, and etc. for our brief stay at Gilbert. This is always a treat after several days in the hot sun.

The sun can be a problem unless you have a large brimmed hat and lots of sun block. Be sure and provide these items.

In emergency situations, we will have in possession a GPS driven Personal Locating Beacon that can be used to notify appropriate personnel in the event cellular phone service isn’t available.

It may be asked of some parents to provide a driver and vehicle to transport to and from our destinations. It would consist of driving your vehicle with passengers to our put-in location on Friday evening. It may be late (possibly after midnight) before you will get back to Fayetteville. Also we will need a group to pick us up at our take-out location on Sunday morning around 11:30 a.m. It may be necessary to leave Fayetteville as early as 7:30 a.m.

We hope to see you this summer on the Buffalo!

Canoes, Kayaks, Inner Tubes on Arkansas Waterways *(Arkansas Act 803, Effective August 13, 2001)*

Glass containers are prohibited.

LAW: Except for containers for substances prescribed by a licensed physician, no person shall possess or use glass containers within the banks of Arkansas' navigable waterways, within a vessel. (For purposes of this act "vessel" shall not include houseboat, party barge, johnboat, runabout, ski boat, bass boat or similar craft not easily susceptible to swamping, tipping or rolling.)

Fasten cooler lids.

LAW: All persons entering, traveling upon, or otherwise using Arkansas' navigable waterways by canoe, kayak, inner tube or other vessel easily susceptible to swamping, tipping, rolling or otherwise discharging its contents into a waterway, and transporting a cooler, icebox or container for foodstuffs and beverages shall assure that the container is made to seal or lock in the contents to prevent the contents from spilling into the water.

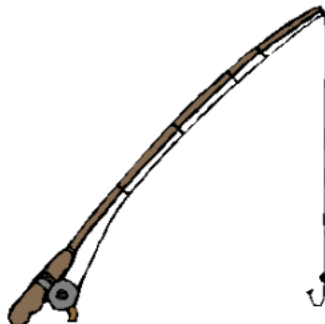

Attach and use a mesh litterbag.

LAW: Carry and affix to the vessel, a container or bag suitable for containing refuse, waste and trash materials and capable of being securely closed. The container or bag shall be of mesh construction. Transport all refuse, waste and trash to a place where the materials may be safely and lawfully disposed of. A container shall not be required for those persons traveling without foodstuffs or beverages.

Use a floating holder for beverages.

LAW: At all times other than when a beverage is securely contained as in a cooler or litter bag, keep the beverage attached to or held within a floating holder or other device designed to prevent the beverage from sinking beneath the surface of the waterway.

Penalties: A violation of Act 803 shall be a misdemeanor and each violation may be prosecuted as a separate offense. Each violation shall be punishable by a fine of not more than five hundred dollars (\$500). Effective August 13, 2001 and thereafter.
